Funding Opportunity Title: PAS MVD Public Diplomacy Small Grants Program
Funding Opportunity Number: PAS MVD - SOI/APS-FY2022 (Round Nr.)
CFDA Number: 19.040
Total Amount Available: $180,000.00 (full year)

A. PROGRAM DESCRIPTION

The U.S. Embassy Montevideo Public Affairs Section of the U.S. Department of State announces an open competition for organizations to submit a statement of interest (SOI) to carry out programs aligned with Embassy funding priorities, the strategic themes we focus on, and the procedures for submitting requests for funding. Please carefully follow all instructions below.

The submission of the SOI is the first step in a two-step process. Applicants must first submit a concise three-page statement of interest clearly communicating program ideas and objectives. This first step is not a full proposal application. The purpose of the SOI process is to allow applicants to submit program ideas for evaluation prior to requiring the development of a full proposal application. Upon a merit review of eligible SOIs, selected applicants will be invited to expand on their program idea(s) by submitting a full proposal application. Full proposals will go through a second merit review before final funding decisions are made. The time for the whole process may take 2 to 3 months. Applicants are encouraged to apply 4 to 6 months before the start date of the proposed activity.

Purpose of Small Grants Program:
The U.S. Department of States provides funding for PAS Montevideo for well-conceived programs that support U.S. Embassy Montevideo’s strategic priorities in Uruguay. Proposed programs should strengthen bilateral ties between the United States and Uruguay and include a clear U.S. connection that will promote increased understanding of the United States among the Uruguayan public. All programs must include a U.S. element or a connection with experts, organizations, or institutions from the United States in a specific field that will promote increased understanding of U.S. policy and perspectives.

Proposals should address one or more of the following strategic outcomes:

- Programs that support Uruguay’s efforts to diversify the economy and strengthen sectors beyond agriculture
• Broad awareness of, support for, and/or behavior change in favor of combating climate change and promoting environmental conservation
• Greater awareness of the importance of strong support for human rights
• Increased awareness of cybersecurity and potential benefits and threats related to 5G
• Increased workforce capabilities and opportunities for women, disadvantaged youth, minorities, or vulnerable groups in rural areas.

Before applying, applicants should review all the terms and conditions and required certifications that will apply to this award to ensure that they will be able to comply. These include: 2 CFR 200, 2 CFR 600, and the US Department of State Standard Terms and Conditions for Federal Awards.

**SOI - Initial Proposal Submittance**

Applications will be reviewed monthly, starting on December 2021 and thru May 2022. The time for the whole process may take 2 to 3 months. Therefore, applicants are encouraged to apply 4 to 6 months before the start date of the proposed activity.

Prospective grantees will typically receive a decision within 10 days of SOI initial submissions deadline

Deadline to apply for each Round is the 1st. Wednesday of each month, by 5:00 p.m. in Uruguay

- **Program Statement:** A clear, concise and well-supported statement of the program to be developed.

Ideal plans would indicate the preferred target audience, the platforms you will use, and an estimated frequency of posting. - **Program Partners:** A list of the names of key partner organizations and sub-awardees and how they will be involved in the project.

Throughout the timeframe of the grant, the grant application should indicate what results do they expect of the program, how the activities will be monitored to ensure they are occurring in a timely manner and that the activities are meeting the goals of the grant. Incorporating a well-designed monitoring and evaluation component into a project is one of the most efficient methods of documenting the progress and potential success of a program. Successful monitoring and evaluation depend on the following:
• Setting SMART (specific, measurable, attainable, results-focused, and placed in a reasonable time frame) objectives
• Linking project activities to stated objectives; and
• Developing key performance indicators that measure realistic progress towards the objectives.
• **Risk Assessment**: This section should identify any possible risk that would keep the organization from concluding the project as described, as well as a plan for mitigating and addressing those risks.
• **Sustainability**: Applicant’s plan for continuing the program beyond the grant period, if applicable.

4) **Budget Justification Narrative**: After filling out the SF-424 A budget form, applicants must use a separate Excel spreadsheet to describe each of the budget expenses in detail. See Section H. Other Information: Guidelines for Budget Submissions for further information.

5) **Attachments (suggested examples)**:
• 1-page CV or resume, including the relevant experience and capabilities of the project manager
• 1-page CV or resume of each key personnel who are proposed for the program (if already identified)
• Key Contacts: If already known, please include: names, titles, roles, and experience/qualifications of key personnel involved in the program, including what proportion of their time will be used in support of this program.
• Letters of support from program partners describing the roles and responsibilities of each partner (when applicable)
• Official permission letters, if required for program activities; and
• A brief description of the organization’s procurement procedures and financial policies. The description should include the institution’s standard accounting procedures and any relevant information regarding its financial situation.

3. **Required Registrations**: 

All organizations applying for grants (except individuals) **must** register in the System for Award Management (SAM), an official website of the U.S. government, **before** an award may be issued. Organizations that have not successfully registered in the System for Award Management (SAM) will not be considered for final selection.

Please note this registration is free and there should be no costs associated with this registration.

In order to register in **SAM.gov**, an organization first needs to obtain a Unique Entity Identification number (**UEI**, also known as a **DUNS** number) and a Commercial and Government Entity Code
(CAGE) for domestic organizations, or a NATO Commercial and Government Entity Code (NCAGE) for foreign organizations.

Both, the UEI/DUNS number, and NCAGE code must be obtained before registering in the System for Awards Management (SAM). These databases interface with each other, so the information in DUNS must match exactly with the NCAGE application and SAM registration.

NOTE: There are no charges for obtaining a DUNS Number, an NCAGE code, or for registering in SAM.gov to apply for Federal Assistance.

**Step 1:** Apply for a DUNS number in [http://fedgov.dnb.com/webform/searchAction.do](http://fedgov.dnb.com/webform/searchAction.do)

**Step 2:** Apply for an NCAGE code in [https://eportal.nspa.nato.int/AC135Public/CageTool/home](https://eportal.nspa.nato.int/AC135Public/CageTool/home)

**Step 3:** After receiving the DUNS number and NCAGE Code, proceed to register in SAM.gov by logging onto [https://www.sam.gov](https://www.sam.gov). SAM registration must be renewed annually, before it’s expiration.

Any applicant listed on the Excluded Parties List System (EPLS) in the System for Award Management (SAM) is not eligible to apply for an assistance award in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR, 1986 Comp., p. 189) and 12689 (3 CFR, 1989 Comp., p. 235), “Debarment and Suspension.” Additionally, no entity listed on the EPLS can participate in any activities under an award. All applicants are strongly encouraged to review the EPLS in SAM to ensure that no ineligible entity is included.

H. OTHER INFORMATION:

**Guidelines for Budget Justification**

*Note: For proposals to be competitive, the summary of each budget category totalizing the organizations’ overhead costs, personnel wages and benefits charged to the grant, should NOT exceed 10% of the award amount*

- **Personnel and Fringe Benefits:** Describe the wages, salaries, and benefits of the organization’s temporary or permanent staff who will work directly and the percentage of their time that will be spent on the program. This category includes the salaries and wages for all non-Federal entity personnel who will be working on the project if the time charged to the
program is deemed reasonable. The budget narrative should indicate the base salary and time each person will spend on the project.

- **Travel:** Estimate the costs of travel and per diem for this program, for program staff, consultants or speakers, and participants/beneficiaries. If the program involves international travel, include a brief statement of justification explaining how the project’s goals cannot be met without the proposed international travel.

- **Equipment:** Describe any machinery, furniture, or other personal property that is required for the program, which has a useful life of more than one year (or a life longer than the duration of the program), and costs at least $5,000 per unit.

- **Supplies:** List and describe all the items and materials, including any computer devices, that are needed for the program. If an item’s cost is more than $5,000 per unit, include it in the budget under Equipment.

- **Contractual:** Describe goods and services that the applicant plans to acquire through a contract with a vendor, and any sub-awards to non-profit partners that will help carry out the program activities.
  - *A contract* is for the purpose of obtaining goods and services for the recipient’s own use and creates a procurement relationship. A consulting agreement with a consultant or contractor is generally considered a contract.
  - *A subaward* is provided to a subrecipient to carry out a portion of the Federal award. A beneficiary of a program is not considered a subrecipient. A subaward may be provided through any form of legal agreement, including an agreement that the prime recipient entity considers a contract.

- **Other Direct Costs:** Describe other costs directly associated with the program that do not fit in the other categories, such as shipping costs for materials and equipment or applicable taxes. All “Other” or “Miscellaneous” expenses must be itemized and explained.

- **Indirect Costs:** These are costs that cannot be linked directly to the program activities, such as overhead costs needed to help keep the organization operating. If your organization has a Negotiated Indirect Cost Rate (NICRA) and includes NICRA charges in the budget, attach a copy of your latest NICRA. Organizations that have never had a NICRA may request indirect costs of 10% of the modified total direct costs as defined in 2 CFR 200.1.

- **“Cost Sharing”**: This refers to contributions from the organization or entities other than the U.S. Embassy. It also includes in-kind contributions such as volunteers’ time and donated venues.

**Alcoholic Beverages:** Please note that award funds cannot be used for alcoholic beverages.
