Issuance of this funding opportunity does not constitute an award commitment on the part of the U.S. government.

Full implementation of this program is subject to the availability of FY 2020 funds. Please follow all instructions below.

**Priority Country:** Uruguay

**Program Objectives:**

The **AFCP Large Grants Program** supports the preservation of major ancient archaeological sites, historic buildings and monuments, and major museum collections that are accessible to the public and protected by law in Uruguay. Appropriate project activities may include:

- Preventive conservation (addressing conditions that damage or threaten the site)
- Stabilization (reducing the physical disturbance [settling, collapse, etc.] of a site)
- Conservation (addressing damage or deterioration to a collection or sites)
- Consolidation (connecting or reconnecting elements of a site)
- Anastylosis (reassembling a site from its original parts)
- Restoration (replacing missing elements to recreate the original appearance of a site, usually appropriate only with fine arts, decorative arts, and historic buildings)

**Note:** Sites and Objects that have a Religious Connection: The establishment clause of the U.S. Constitution permits the government to include religious objects and sites within an aid program under certain conditions. For example, an item with a religious connection (including a place of worship) may be the subject of a cultural preservation grant if the item...
derives its primary significance and is nominated solely on the basis of architectural, artistic, historical, or other cultural (not religious) criteria.
